

Do You Love Math and Science?

Math and Science Enrichment Groups

For bright and motivated students

*** Math and Science can be:**

- * Fun**
- * Exciting**
- * Relevant**
- * Cool**
- * Challenging**

“I continue to believe strongly that American students can learn advanced material well beyond what is usually taught at a particular grade level- these students have made me even more of a believer.”

**Lou Maresca, in June, 2005 PTO Newsletter,
with reference to the students in his Math Club at Seminary Hill School**
